The image shows a view through a Moorish archway in the Alhambra. The arch is made of light-colored stone and is surrounded by intricate carvings and geometric patterns. The view outside the arch shows a town with white buildings and red roofs, surrounded by green trees and hills in the background. The word "SPAIN" is written in large, white, sans-serif capital letters across the center of the image, with a yellow horizontal line underneath the letter "A".

JORDAN

COUNTRY PROFILE

From Petra to Wadi Rum, Jordan's landscapes evoke a sense of mystery and wonder - and our popular Jordan adventure will introduce you to the country's best experiences. Think red rolling dunes and salt-rich seas, Biblical mountains and Roman ruins. To travel in Jordan is to uncover an ancient frontier land where east meets west.

Jordan's top sight is undoubtedly Petra, an ancient Nabatean city carved into the pink sandstone cliffs. One of the most magical travel moments out there, in our opinion, is uncovering the ancient city by candlelight, with the atmospheric strings of live Bedouin music providing the perfect soundtrack. Floating in the Dead Sea is also a must, as is canyoning through the ravines of Wadi Mujib.

COUNTRY PROFILE

From the northern reaches of the Himalayas to the shores of Kerala, India's landscapes are vast, diverse and rich. Its cities offer just as much to be savoured, too, whether you're diving into the vibrant chaos of Delhi or admiring the colonial grandeur of Kolkata.

Yes, India is energetic, exciting and (at times) maddening. But you'll also find areas where it's remarkably serene, like the southern state of Kerala, the location of one of our most chilled adventures. Overlooking the Arabian Sea, Kerala is home to golden beaches, lush mangroves and enchanting backwaters which host a secluded world of their own. This is a place to immerse yourself in yoga and relaxed coastal living; where city life will soon seem like a distant dream.

ECUADOR

COUNTRY PROFILE

With three trips to Ecuador, we've got something to suit you whatever your style of adventure.

Few countries offer the kind of natural diversity you'll find in Ecuador. The tropical Amazon Rainforest, an ecosystem like no other; pristine Andean highlands with snowfall all year round; the Galapagos Islands, home to a range of species you won't see anywhere else in the world.

The beautifully-preserved cities of Quito and Cuenca recall Ecuador's Spanish heritage, with their 17th-century cathedrals and monasteries. Yet travel deeper into the Andes and you'll find yourself in a world of pre-Colombian traditions and indigenous heritage; a far cry from the colonial legacy but just as enduring.
